

Can a Disinfectant Be Less Toxic Than Vinegar And Still Kill Germs?

In nature, plants produce germ-killing 'essential oils' to protect themselves from invading microbes, similar to how our bodies produce antibodies for our protection against disease. Benefect is a revolutionary blend of these antimicrobial extracts, particularly from the herb Thyme. Traditional synthetic chemicals use quaternary ammonia or chlorine to kill germs, however, using the essential oils from plants allows Benefect to achieve an unprecedented toxicity rating. To put it simply, Benefect is a 'plant immune system' in a bottle.

It's About Thyme!®

Do You Worry About The Toxicity Of The Antimicrobials You Use To Kill Germs?

Benefect's botanical active ingredient is identified by the EPA as having no known adverse affects to human health or the environment. Benefect is classified with the EPA's lowest toxicity rating category allowed by law for all routes of exposure which include: inhalation, ingestion, skin irritation, skin sensitization and eye irritation.

Benefect surpasses the government's germ killing requirements for hospital disinfectants. The ingredients are categorized as GRAS (Generally Recognized As Safe) and as Direct Food Additives by the Food & Drug Administration (FDA).

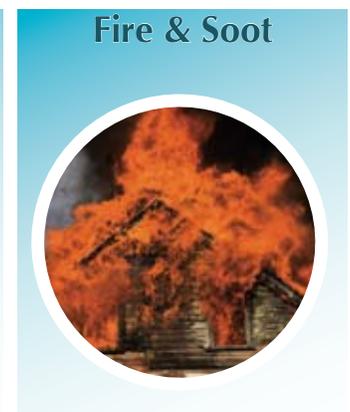

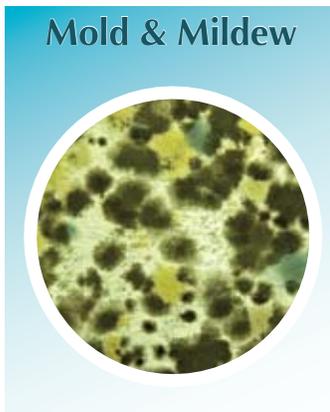

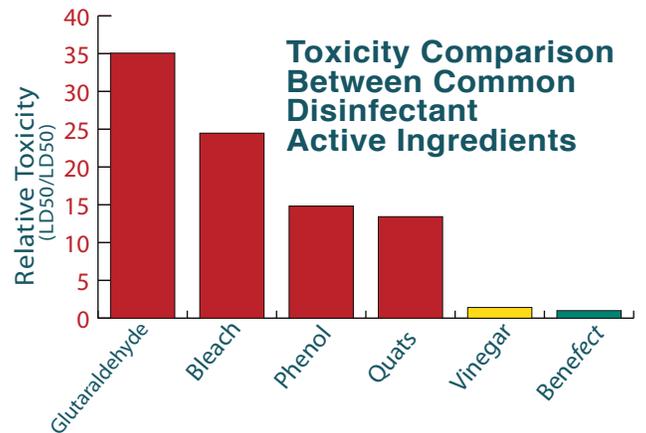

Just Spray & Walk Away!™

EPA Registered to Kill Over 99.99% of Germs

No Rinse or Wipe Required

No PPE Required

The First & Only Botanical Disinfectant

Where Can I Use Benefect?

Benefect is ideal for use in restoration sites: water damage, sewage back up, mold remediation, fire restoration and trauma scene decontamination. Effectively eliminates odors produced by odor-causing bacteria, fungi & other organisms on concrete, wood framing & studding, trim & subfloors. Suitable for use in commercial, medical and residential settings.

Now listed in Xactimate using code: WTR>GRMB

VERIFICATION

Government Registered Disinfectant	All label claims are approved by the EPA. Proven to kill over 99.99% of the EPA's test microorganisms for broad-spectrum claims of hospital disinfectant effectiveness.	Environmental Protection Agency (EPA) EPA Reg. No. 84683-1-74771								
Broad Spectrum Efficacy	Intermediate Level Disinfectant / Antimicrobial *Kills over 99.99% of: Bacteria (Gram +ve & -ve) (including MRSA) Fungi HIV-1 (Human Immunodeficiency Virus) Mycobacteria (TB) in 5 minutes Other Odor-causing microorganisms Not susceptible to antimicrobial resistant bacteria.	EPA Label								
No Rinse or Wipe Required (Even on Food Contact Surfaces)	No harmful residue that must be removed. Save an entire labor step & save money. Finish jobs faster. Reduce your liability. No PPE required.	EPA Label & Exemption Notice MSDS Bureau of Chemical Safety Memo CFIA S432								
Unprecedented Toxicity Rating	Food grade ingredients. LD50 (Oral, Rat) of >14,000 mg/kg (less toxic than vinegar). Ingredients known as Generally Recognized As Safe or as Food Additives by the FDA. EPA Classified as "Minimum Risk" Pesticide Non-hazardous by OSHA/WHMIS criteria. EPA Category IV Toxicity for all routes of exposure: Inhalation, Dermal, Eye & Ingestion. Non-flammable, non-corrosive, non-reactive. Mildly anionic.	MSDS EPA Label Bureau of Chemical Safety Memo CFIA S432 40 C.F.R §152.25 Toxicity & Chemical Analysis <table border="1"> <thead> <tr> <th colspan="2">HMIS Hazard Ratings</th> </tr> </thead> <tbody> <tr> <td>HEALTH</td> <td>0</td> </tr> <tr> <td>FLAMMABILITY</td> <td>0</td> </tr> <tr> <td>REACTIVITY</td> <td>0</td> </tr> </tbody> </table>	HMIS Hazard Ratings		HEALTH	0	FLAMMABILITY	0	REACTIVITY	0

REACTIVITY	0									
No Warnings on the Label and No PPE Required	Reduced liability. The only Botanical Disinfectant in North America with no warnings, signal words, first aid, precautionary statements, special handling or PPE requirements listed on the label. The sensible choice for employees & clients.	EPA Label MSDS								
Ready to Use Formula	Consistent efficacy performance, every time. Eliminates complex dilution instructions. Consistent health & safety profile. No water hardness testing required for product performance. No temperature restrictions. Control portions.	EPA Label								
Environmentally Certified	Made from botanical ingredients. No synthetic fragrances, dyes, ammonia or chlorine. No V.O.C.s	Ecologo ECP050029 (CCD-166) Patented Worldwide								

Excellent Marketability

Preferred disinfectant for ANY green cleaning program. Differentiate your business as the environmentally-friendly professional.
